

Networking Prep

Tell Your Story

- ***Who are you?*** As a developer, teammate, career changer, individual
- ***How did you get here?*** Why software development? Why Turing School? Why now?
- ***What's next?*** What will you be working on after Turing School? Is there a particular industry/tech stack/project you would like to be working with?

Practice Makes Perfect!

- 2 minutes - tell your story
- 1 minute - feedback
- Switch with your partner
- Repeat two additional times

What might they ask?

- How does your code school experience differ from a CS degree?
- What contributions have you made to the tech industry?
- What are your salary expectations?
- Why did you decide to switch into web development / computer software?
- What is the relevance of your past experience?
- What is your favorite language to work with?
- What did you find most challenging at Turing School and in your learning journey?

What can you ask?

- What tech stack do you all work in?
- Why did you choose to work for “x” company?
- What does mentorship look like for your team?
- Have you hired junior developers before?
- What are you currently working on?
- What is your favorite technology to work with?* (only use if this person is technical)
- How/why did you get into the tech industry?
